

# KMI Theory Seminar

## Flavours in the era of Super-KEKB

Professor Anjan K. Giri  
Indian Institute of Technology Hyderabad

### Abstract

After a brief introduction to the subject, I will discuss the Flavour issues we have at present. Thereafter, I will discuss how Super-KEKB may help us to solve the problems and/or guide us to discover physics beyond the standard model. I will conclude with the an overview of my University.

Friday, October 30, 2015

5:00pm, KMI Science Symposia (ES-635)

Engineering & Science (ES) Building, Nagoya University
