

*EHQ Seminar*  
*(jointly held as KMI Theory seminar)*

---

title :

*Modified gravity:  
from non-singular universe to Little Rip singularity*

speaker :

*Prof. Sergei D. Odintsov*  
*( Instituciò Catalana de Recerca i Estudis Avançats*  
*(ICREA) and Institut de Ciències de l'Espai*  
*(IEEC-CSIC), Spain )*

date/time :

*Jan. 24 (Tue), 2012, 16:30 PM*

abstract :

*We review universe evolution in modified gravity. Non-singular universe is discussed. Examples of Big Rip singularity and its resolution in Little Rip are given.*

place :

*KMI Science Symposia (ES635)*
