

Introduction to KMI school

- We will take videos for lectures and tutorial courses, which will be available on KMI web pages with their slides after the school.
- The Internet access is made under the SSID: nuwnet. The ID and the password for the access can be found on your nametag. Connection via eduroam is also available.
- If you do not install darkSUSY on your laptop, please come to registration desk after the morning session. We will lend USB memories, which include softwares. Do not download them via network since they are big.
- Electric supply is attached on your seats in this room.

Introduction to KMI school

- Banquet and poster session are scheduled on Mar. 1st. It will be held at Rigaku-Minami building.
- If you present your research on poster session, please set up your poster before starting the banquet and remove it after it finishes. Your poster board # can be found on poster program.
- We will award prizes to outstanding posters. The participants are asked to affix stickers to the best posters of your choice during the banquet. We will count the number of stickers on each poster in order to decide the prizewinners. The stickers can be found on your nametag.

(You can get this map at registration desk)

Introduction to KMI school

- For food, please check campus map in school bag. Or, cafeteria is also available. Cafeteria is open from 11:00-20:00.

- If you have concern to go to cafeteria due to language problem, please wait in front of registration desk after this morning session. Students in Nagoya univ. will take you to cafeteria.
